

Maruhachi Metrotown Allergy List

IMPORTANT!

The allergy information provided is based on standard recipes of Maruhachi Ra-men & GAIDEN and reflects the most current information available from our food suppliers, food package labels, and a review of the ingredients used in our recipes. Variations may occur due to sources of supply, ingredient substitutions, regional/seasonal differences, and product assembly on a restaurant-by-restaurant basis. While this list is periodically updated, we cannot guarantee that all allergens are listed for the pre-prepared items used.

Please be aware that in our usual kitchen operations, shared storage, cooking, and preparation areas, equipment, utensils, and displays are used. This may result in your food items coming in contact with other food products, including potential allergens. Cross-contamination risks exist, and we ask for your understanding in advance.

Maruhachi Ra-men & GAIDEN and employees do not assume responsibility for an individual's sensitivity or allergy to any food item provided in our restaurants. If you have food allergies, please exercise caution when making your meal choices and consult with professionals as needed.

- Contains Allergens
- △ Aosa Seaweed may contain shellfish (order available without seaweed)
